Hey Sisay,

Just wanted to let you know I am working on the additional bullet or two. Sarah has some good

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

STAY TUNED!

I was thinking after Lindsay and Sisay add to and revise it so not until next week if you are in.
Otherwise no worries. Libby

Sure, I can plan to take a look most likely sometime tomorrow but no later than the end of this week. Thanks! Jasmin

Thanks Lindsay! To both you and Sisay, let's target middle next week for seeing a revised version. I'll take another look at it then we can get it to Martin for yet another review.

Jasmin, may have you take a look as well prior to going to Martin for your feedback too.
Thanks, Libby

Hi Libby and Sisay,

I will take a look at the changes and work on adding some additional information Ex. 5 - Deliberative Process about typical grant length, standard grant requirements for how long a grant can be in place, importance of evaluating the grants (also possibly explaining the evaluation process) to determine if closing out or granting an extension will be more beneficial to the recipient and EPA, and the importance of applying all of this to TAG grants.

Thanks,

Lindsay Seeger

Subject: TAG and S. Weber Briefing Papers

Hi Sisay and Lindsay,

I made some changes according to Martin's feedback and the edits he shared (see Martin H Comments doc attached). I was thinking of Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

his edits he did not delete the whole section but provided his own edits which I incorporated.

Ex. 5 - Deliberative Process

they relate back to what's expected in the TAG guidance. Sisay if you could take a look at the TAG guidance and see if there are more criteria we should add that would be good. Also, look at my changes and make sure I'm capturing them accurately.

Lindsay I have a comment in the attached directed at you.

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Sisay if you could take the lead from here in getting your and Lindsay's additional edits pulled together with mine that would be great. We can then share it with the team (including Michael and Bethany) but before we do, incorporate our changes so it's a clean version for them to review.

I've also requested that the RA briefing be moved to sometime in early July. Libby
